

Client:
City of St. Peters, Missouri

KG's Role:
General Contractor

Location:
St. Peters, Missouri

Contract Value:
\$6 Million

Kolb Grading, LLC was awarded several contracts to perform excavation and utilities at this 800 acre site. Lakeside 370 is a recreational and business park located off of Highway 370 in St. Peters, MO. We moved 6 million cy of dirt and created a 150 acre lake in 12 months. Kolb worked with Swallowtail on this project in accordance with the environmental plan. The scope of work included:

- Wetland protection; 6 million cy excavation; 140 acre recreational lake
- Placed 3 million cy of fill to create a 4 mile levee
- Access roads were constructed utilizing 11,000 tons of crushed aggregate
- Placed over 100,000 tons of shot rock and liner in canals creating a reverse filter system
- Jet grouting was performed in existing railroad
- Installed 38 relief wells
